Special PSE 2020
Plasma Surface Engineering

International Conference & Industrial Exhibition www.pse-conferences.net/pse2020
 September 7 – 10, 2020 | Trade Fair Erfurt, Germany

August 11, 2020

Dear colleagues,

Special PSE 2020 will take place from September 7 - 10, 2020 in the Trade Fair of Erfurt. You are invited to join the event. International Speakers from Europe will present their recent results for Plasma Surface Engineering and wait for your questions and discussion. The program you can find online right now.

Of course, during this challenging time of corona virus spreading we ask all participants to follow the valid rules for responsible behaviour. Together with the Trade Fair of Erfurt we created an officially approved infection protection concept and planned this special but generous Conference for you with a lot of highlights and possibilities to get in contact.

Please feel free to contact us for questions and remarks. We are pleased to welcome you personally in Erfurt in September 2020.

With best regards
 Your Team of PSE Conferences
